# 15mm Flames of War (Late War) Competition

**Rules:** *FoW V4*

This will be a **141 pt. FoW L/W Doubles Tournament** with 5 rounds. All V4 FoW L/W Army lists published prior to 23<sup>rd</sup> June 2023 may be used.

## **FoW Doubles Format**

**1.** Each team is considered as one Force with a minimum of 2 Formations, you may have more. Each force must come from a single Force Diagram or Force Card. One Formation must be chosen as the only support option Formation, the other Formation(s) may not take any support choices. Command cards can be used but only per the Force and not per team member.

**2.** US and British may operate Allied formations with each other but Soviet and German forces must use only their own formations together in the team force. Support units must be from only one of the formations in the team list.

### **3. 141 Points**

Each Team has 141 points between them to split up as they like, For example, one player could decide to take 100 points of Tigers, leaving their partner 41 points to build their formation, and for any support they wish to take between them.

4. Missions with reserves will count the percentage from the overall Force rather than from each individual Formation.

5. Each round will be 2.5 hours. *Use Battle-plans for the scenario choice. If you roll a scenario that both teams prefer not to play then roll again or a mutual choice between the teams. The object is to enjoy the game.*

6. Each team gets 15 minutes to set up, please keep it as quick as possible. If you choose to bring an Infantry heavy force you will still be expected to set up in the same time.

7. This isn't our first V4 Flames of War LW tournament but there will no doubt be questions, and stuff we haven't thought of, so please ask us and we will get back to you ASAP!

Game scores etc. count for the team, not the individual. The winning team gets the medals & prize. The only individual prize will be for the "Best painted Army"

The tournament organizers/judges' word is final.

**Format:** Five 2.5 hr scenario rounds (first round will be a max of three hours to facilitate setting up terrain, terrain then remains set for the remainder of the competition) with three rounds on Saturday, and two on Sunday.

**Best Painted/Presented Army:** Will be judged by the Manawatu Duellists Club

**Expectation of Players:**

You are all expected to bring your own dice, rules, rulers, and armies. For anyone wanting to play and unable to comply with these requirements drop the umpire a line and we will see what we can do. First in first served and no promises.

Umpires: Evan Allen & Tom Robertson

# **General Gaming Information**

## **Painted or proper models**

Yes, we all like to see painted models. But more than that we like to see people playing the game. If you want to play but your army isn't painted, you are still welcome. Be prepared for lots of "snow camouflage" jokes, though!

Of course, we would prefer WYSIWYG and paint, but we won't stop you from joining in the fun.

## **Professional etiquette**

It is asked that you mind your own business when it comes to other games. Do not touch models, and do not take it upon yourself to give advice to another player (unless it's your team partner or opponents).

## **Tools of the Trade**

Remember to bring plenty of your dice and measuring devices!

## **Priorities, Priorities**

If you're in a tournament, it may be tricky to involve yourself in other events. If you do, however, please be aware of your own tournament's progression - we won't wait for you if you forget!

## **General Housekeeping**

\* The school grounds are ***no smoking***, but there are ample areas outside the school grounds for the nicotine addicts to congregate and plot. ☺

\* Please dispose of all rubbish in the provided receptacles and tidy up after yourselves.

\* No Alcohol on the School Grounds

**The having of fun is compulsory for all players.**

## **Other Shiny Features**

- Food and soft drinks available inside the venue
- Free Tea & Coffee
